

Business Modeling & Integration DTF

- **Highlights from this Meeting:**

- **“Architecture vs. Requirements” (Fredda Lerner, Aerospace Corp.)**

- Where they diverge – Architecture is not “A Source of Truth” (ASOT)

- **Update on the Standard Business Report Model (SBRM)**

- **Reviewed progress of multiple submissions in progress**

- LOI and initial submission deadlines are both 9 Nov 2020
- Business Architecture Core Metamodel (BACM)
- Provenance & Pedigree Model and Notation (PPMN)
- Specification Common Elements (SCE)
- Situation Data Model and Notation (SDMN)
- Knowledge Package Model and Notation (KPMN)

Generalizations of models whose necessity was discovered as a result of BPM+ in Healthcare work. **Initially planned as RFCs, but will now be RFPs**

Business Modeling & Integration DTF
